DETAILED ACTION

Reasons for Allowance

1. Claims 1, 2, 4-6 and 24-32 are allowed.
2. **Examiner's Statement of Reasons for Allowance:**

Applicant(s) invention relates to a windmill, and more specifically, to a structure of the windmill.

The structure of the claimed windmill has a nacelle with a housing for a generator and a brake, arranged as disclosed.

There are inventions in the field that provide similar functionality and/or have similar features, as prior art of record shows. Applicant(s) invention differs from the prior art of record by the configuration of the brake for the wind turbine, which is mounted to the non-rotating generator housing that is mounted to the nacelle, which, in combination with other features, is performing as disclosed and claimed, and which examiner's search failed to find.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
